I am back, darling.

You know what,
I missed your cooking.
One week was a long time.

Did you two spend
good time while I was
away ?

I bet it wasn't easy to spend
such a long time with your
sister-in-law.

Sis, are you alone?
Where is brother? It's Saturday. He can't be at work.
Actually, he is. He went on a business trip. He won't be back for a week.
Is that so ...
Here is lunch
Sis, isn't the soup a little salty?
This pancake also.
My, I won't need any soy sauce.
It seems I favor salty diet.

Would you like me to add some water to the soup?
I hear salty diet makes you fat
Oh, in wich case you probably need to eat bland food.
Maybe, I am going through mid term now.
Lately studying is all I have been doing
Time to go on a diet maybe?
I don't think you need to.
You are probably right
Nowadays, you have to study hard just to avoid going to a university in a remote region.
This bitch ...

Oh, my -
오이지 오늘 만들었는데 어때요?
맛있네요 짤짤한 게~
Just a friendly advice for you.
Education isn't everything in life.
Only those who don't have proper diploma say that, sis.
It's always better to have a solid education background.
Then nothing.
You... should take a break once a while still.
Like watching a movie... Going on shopping...
School girls nowadays make their skirt shorter intentionally. How about giving that a try?
I just find long skirts out of fashion.
Ah, I guess I shouldn't be the one to say that since ... I did come from a remote region

A teenager wearing a long skirt
Or some old woman in 30s wearing a mini skirt ...
It's a meaningless debate.
... I am still 29.
Pardon?
I wasn't talking about you, sis

I see, well -
Kids at your age seem to think that the world revolves around them.
So, to them, I might be way out there.
At my age though...
You start to have ... a certain level of how should I put this ...
Maturity I guess?, to laugh off few provocations.
You ignore them, like ignoring a barking dog.
But if that dog keeps on barking...,
It would bother me for sure. After all, I am a human.

The bottom
drawer...

.....
You saw?
I did.
.....
Sorry, sis.
My hand slipped.

You need to clean the table before it gets strained.
Thank God that you are here.
Although your cooking skills are questionable, you cook, clean and launder.
Which makes my life easier.
I feel like I have a maid for free.
Is that so? I thought you disliked me.
I hear when one of siblings of different gender gets married, the other feels left out.
I've had this impression that you were feeling .... quite jealous about our marriage.
Or rather the fact that your brother and I kiss and have sex.
I can't say I was pleased.
I could not believe...

That my dear brother would bring in some pretty snake...
Who can't even cook for shit.
But later I found out that it wasn't so bad. After all, I had someone working for me for free of charge literally speaking
Is that so? At first, I thought...
this so-called "sister-in-law" was nothing but a burden.
She didn't have proper social etiquettes and seemed to be too fond of herself.
I also did not like that-
She was a little too close to my husband.
My brother likes you because right now you are pretty and likable.
For now...
But once you start to age, then ...

Oh, gosh,
my hand slipped
as well.

Stop this unless you want me to tell your brother everything.
You started this and I
Your hand slipped first.
.... You got a proof for that claim ?

No, it was okay.

I get along with your sister pretty well.
Really?
Since we are both girls, we have something in common.
I find the two of you pretty different in personality, so I thought you two might not get along.
Didn't I say we have something in common?
Yeah?
Like ?

Hmm...
Taste ?

Taste in
what ?

Oh, I forgot.
I made pickled cucumber
few days ago.
It should taste the best
by now.

Oh, sounds good.
Your cooking is a little salty,
so anything you make pickled
turns out to be better.

Hey - !
